SOME GROUND RULES FOR THE RESEARCH PAPER

This paper will focus on the history of one case of all alleged genocide. We expect you to report and weigh conflicting evidence and interpretations of what occurred. We are much more concerned with the quality and thoughtfulness of your paper, than with its length; but we anticipate that most cases will require a paper of from 15-25 typed, double-spaced pages. Each paper should include footnotes, an annotated bibliography, and be presented in scholarly form. On matters of organization, style, format, and footnoting, you may want to consult:

Kate L. Turabian, "Student's Guide for Writing College Papers." Pb
Kate L. Turabian, "Manual for Writers of Term Papers, Theses, and Dissertations." Pb

(Both should be available in the bookstore.)

A detailed outline that you should try to follow for your research paper will appear in a future NEWSLETTER.
